Job Description

About us

Edulyt India founded in 2018, with a Vision to bridge the gap between Education and Employment by democratizing education in emerging technologies, making it accessible to learners worldwide. Disrupting the education management sector mainly focused in the field of Analytics. Our core area of working is in Data Analytics for BFSI domain. Our team is working on basic AI tools to make the world a better easier place to live. Our core expertise lies in making the Graduates industry ready. We are highly skilled and trained in delivering training to aspiring Graduates.

We are looking for an intern to join our team for an Internship cum Training Program. It's a **non-stipend** based program where students will get a chance to train themselves on live data.

The ideal candidate will have base-level knowledge and Analytical capabilities and should be enrolled in an undergraduate or graduate degree program.

Responsibilities

- To work on the assigned projects and participate in queries sessions.
- Create awareness about the company in your college campus.
- Make sure you are having at least 80% participation as attendance in the sessions.
- Participate in discussions and code reviews with experienced professionals.
- Submit a final report on the work assigned to your assigned mentor.

Requirements

- Good to have (not mandatory) some entry-level experience with basic Analytical domains like **Artificial Intelligence, Machine Learning, Model Development, Python, Web Development, SAS, Machine Learning, Power BI, Excel, Marketing, Data Analytics, Risk Analytics and Banking/Finance.**
- Enrolled in undergraduate or graduate degree program.
- Excellent verbal and written communication skills.

Benefits/Perks of the Internship

- Experience Letter, Internship Certificate & Recommendation Letter.
- Full-time job placements & PPO's with Edulyt India or our esteemed clients only to top performed students.
- Earn up to 10K with our Campus Ambassadors & Teaching Partners programs offered exclusively to interns.
- This program does not include a stipend. However, students having skills to participate in performance-based projects, excluding assignments, may receive a stipend of up to 5K.
- Maximize professional network by showcasing internship experience on LinkedIn and get higher visibility.
- Work on cutting-edge emerging technologies & tools.
- Engage in corporate networking events with industry leaders.
